

Greening of Milan Expo (GOME)

April 20th (9 am – 9 pm) and April 21st (8 – 4 pm) at Milan High School

In these difficult economic times, Michigan residents are facing tough choices about their budgets. At the same time, more people are concerned about how they can help the environment. Fortunately, these realities are not mutually exclusive. In fact, in many cases, we have found that being eco-conscious is also economically advantageous.

Over the last several years the Milan Area Schools has become a leader in the state among school districts committed to implementing environment conscious policies and practices. In the process, the district has saved \$600,000 in the last two years and received numerous Green School honors by the state of Michigan!

The 2009 Greening of Milan Expo (GOME) targets school officials, businesses, students and residents interested in saving money & going green.

Make sure to come to our event so your school, home or business can go green and you can save green!

Who should attend?

Schedule of Events: The convention booth area opens on April 20th at 9 am, with speakers beginning at 10 am. School-day presentations will focus on ways school officials and students groups can help go Green and conserve! Presenters from 4 pm to 8 pm will focus on Green concepts for small business and homes, including a special panel discussion at 4 pm for businesses looking to go Green and save and a special panel discussion at 7:30 pm for residents. April 21st's events will include repeat of the school presentations from 8 am to 3 pm! The booth areas will be open throughout the entire two-day event!

Vendors: Vendors will be located in the main gym area, and will be providing demonstrations and product information to school personnel, community members and business personnel. Please make sure to take time to visit our vendors and see the innovative ways you can go green!

School Groups: All the presentations during the day are targeted at school groups and school facilities. Please indicate below the name of your school and size of your group.

For student groups & school employees:

Name of school:

Name of District:

Address:

Name of staff member(s) attending:

Number of students attending: (There is a lunch time provided at the school that attending school groups can use – please indicate if you will need cafeteria services)
